

You want to get involved in work that really matters?

Job at Digital Circular Economy Experts

Full Stack Developer Backend & Processes (m/f/x)

Location: **Remote/Germany, Austria, Spain**

Employment type: **Full time**

SynoptiCons is a young **fast growing digital and business transformation consultancy** providing quality service to clients. Founded in 2019, SynoptiCons offers many years of combined experience in the circular economy, manufacturing and retail & distribution sector.

We are looking for a **Full Stack Developer** to produce scalable software solutions. You'll be part of a cross-functional team that's responsible for the full software development life cycle, from conception to deployment. As a Full Stack Developer, you should be comfortable around both process analysis and also transforming requirements into valuable solutions. You should also be a team player with a knack for data. If you're also familiar with agile methodologies, we'd like to meet you.

Your Role

- Work with development teams and product managers to **ideate software solutions**.
- Design client-side and server-side **architecture**.
- Build the back-end of B2B-applications through **appealing process design**.
- **Develop and manage** well-functioning databases and applications.
- Write **effective APIs**.
- **Test software** to ensure responsiveness and efficiency.

Your Profile

- **Proven experience** as a Full Stack Developer or similar role.
- **Experience in web application** development using common frameworks and third-party libraries like JavaScript or TypeScript.
- Knowledge of **.NET languages** and libraries (e.g. C# or F#) as also expertise with SQL databases.
- Experience building **microservice based software solutions** for the AWS cloud with technologies like AWS Lambda.

Your Benefits

Fair compensation

Home office

Collaboration with all parts of the company

Spend time abroad

Your Application

Please send us representative examples of your work, like of open-source projects you contributed to. If you are active in communities like Stack Overflow, please let us know.

We offer an attractive compensation package depending on experience and qualifications. Send your application to careers@synopticons.com.
